Java	DSA
HTML5	Tailwind CSS
JavaScript	React Js
C++	OOPs
MySQL	

EDUCATION

Master of Computer Applications

Noida Institute of Engineering and Technology
8.32 SGPA(current)

2025 – Present
Greater Noida

Bachelor in Computer Application

Netaji Subhas University
Score: 7.94 (CGPA)

2022 – 2025
Jamshedpur, India

PROJECTS

Travel & Tourism Website

- **Designed** and **developed** a responsive, user-centric interface using **React** and **Tailwind CSS**, ensuring seamless functionality across devices.
- **Implemented** the **Context API** for efficient state management, enhancing scalability and optimizing application performance.
- **Optimized** user engagement by **creating** intuitive booking forms, detailed destination pages, and a robust search functionality.
-

Multi-Tool Web App

- Built a multi-tool web application that includes a **Calculator**, **Currency Converter**, **Unit Converter**, and **Random Password Generator**.
- Used **React** for building modular and maintainable components.
- Designed each tool to function independently, making the project easy to extend and maintain.
